# **From San Francisco to Sipadan: Saving sharks of the Bay and the Pacific**

David McGuire, MEH, Director, Shark Stewards

A marine biologist and ocean advocate, David McGuire is the founder of the Ocean Health and Shark Conservation non-profit Shark Stewards. David is the writer, producer and underwater cinematographer of several award winning documentaries focusing on sharks and has also published numerous articles on the state of the ocean and sharks. The Shark Stewards project is dedicated to ending shark finning and the shark fin trade. Please join us as he speaks about his work saving sharks.

Recommended for ages 12 and above. Free admission to lecture.
